

BUTTON TUFTED LUXURY

CHATTAM
& WELLS™

CROWN PLUSH

HEIGHT 13"

Spring System:

- 858 Independent coil is the optional amount of springs to conform to ones body. It has the pressure relief achieved through strategically placed comfort zones with in the mattress cradling your shoulders, torso, and hips.
- Even support across the surface, keeping sleepers from rolling together at night and minimizing partner disturbance.

Edge Support:

Foam encasement perimeter foam block around the coils creates a sturdy edge that responds along with the coils, so you can sleep all the way to the edge without feeling like you're about to fall off, and you can sit comfortably without having it collapse.

Support Layers:

- 1" High Density Foam is exceptionally durable and long-lasting, with properties that allow the mattresses to have long lasting comfort.
- 3" Super-soft foam creates soft comfortable surface feel.
- Hand tufting is a process of compressing upholstery materials to ensure they perform consistently for a longer period of time, providing consistent comfort and increasing the comfort longevity of the sleep surface.
- Box stitch handles do not give when lifting the bed.
- Joma Wool underneath the knit to help cool you down when you are hot and heat you up when you are cold.
- 4" Chattam Wells patent quilt was designed to create the perfect feel for maximized relaxation.
